three battalions of three companies each, the companies having four platoons. Each company has three heavy type 34 German machine guns and 12 auto-rifles, Simonov type. The unit is horse-drawn. Their shoulder boards are red with dark green decoration.

- (b) The 13th Parachute Regiment in the Filomon Sarbu Barracks, Strada Marasesti 15, is a new structure of two buildings, 25 by 40 m with three stories. The Commander is Lt Col Florea Feldiorean and the Adjutant is Capt Marin Neculescu. The regiment's strength is 750 to 800 men, divided into three battalions of three companies each; each company having five platoons. Each company has three Lewis light machine guns and 12 Tokarev auto-rifles. The organization of this unit, which is not motorised, was completed in May 1953. Their shoulder boards are lavender with orange-red decorations.
 - (c) The 1st AAA Regiment is in the Mihai Vitezul Barracks, Strada Mosiilor 66. The Commander is Col Simeon Blaga and the Adjutant Capt Traian Tomi. Its strength is 650 to 700 men divided into three battalions of three companies each. Each company has four 37 mm type M-4 AA guns. The unitais notivet motorized and its organization appears to be incomplete, since new men are constantly being added.
